## Foundation 1

An Introductory Human Design Workshop  
for Corporate Leaders & Teams

# VIS MAGNA ACADEMY

[WWW.THEVISMAGNA.COM](http://WWW.THEVISMAGNA.COM)

## WHY HUMAN DESIGN

Human Design is a transformative system that reveals how each person is uniquely wired to make decisions, lead, and contribute. Combining ancient wisdom with modern science, it goes far beyond personality tests to uncover your energetic blueprint — offering deeper insights into your purpose, strengths, and potential.

***"When individuals operate in flow, the entire organization thrives."***

## WHY IT MATTERS IN TODAY'S WORKPLACE

- Empowers leaders to make clearer, more aligned decisions.
- Reduces burnout by aligning employees with their natural strengths.
- Strengthens collaboration through understanding of team dynamics.
- Enhances talent optimization, retention, and personal growth.

## WHAT YOU'LL EXPERIENCE

### Introductory Workshop

This foundational workshop invites your team into the world of Human Design – a fresh, empowering lens through which to view leadership, collaboration, and individual contribution.

### Key Highlights

#### The 5 Human Design Energy Types

Understand how each team member naturally contributes and how to optimize your own energy to deliver your best results with ease.

#### Authority

Discover how you're uniquely wired to make the best decisions for your role, and how honoring this improves outcomes and reduces second-guessing.

#### Profile

Learn how your natural style of learning, leading, and relating shapes the way you collaborate, influence, and grow within a team.

Engage in reflective team activities that foster alignment and clarity.

Leave with practical, actionable tools to create more aligned and purpose-driven workplaces.

## THE STATISTICS

### PRODUCTIVITY GAINS

Companies that promote collaborative work are 5X as likely to be high-performing.

### ENHANCED EMPLOYEE PERFORMANCE

73% of employees perform better when they collaborate.

60% are more innovative in collaborative environments.

### ENHANCED FOCUS & ENGAGEMENT

64% more focused when employees participate in team-building activities.

### INCREASED INNOVATION

60% of employees are more innovative in collaborative environments.
